

MISSISSIPPI Swing Wash Basin

A wash basin that moves to suit the user and carers needs. Improves hygiene and dignity by moving the basin to within reach of a person in a wheelchair or on a toilet. Carers can move the basin away to create space for safer transfer methods.

- Oval shaped basin for access to the front or sides.
- Polyurethane material insulates, is soft to touch and cannot break if knocked.
- Raised rim makes the basin easy to manoeuvre from any angle.
- Flexible plumbing is integrated within the arm.
- The wall mounted Dock-in provides a wrap around platform for toiletries.
- Small rooms are made accessible by movement of the basin.

MISSISSIPPI Swing Wash Basin

MISSISSIPPI swing wash basin delivered with flexible feed pipes, flexible waste and trap. Everything integrated into the unit.
Item 40-41010

Arm swings 180° - Basin swings 180°

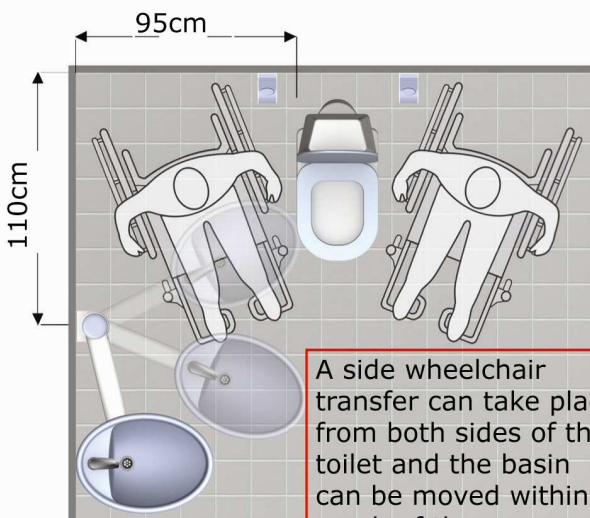

Dock-in station
Item 40-41510

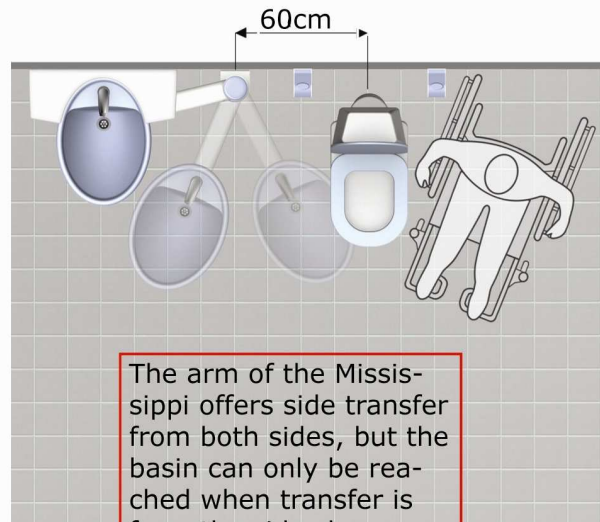

The wash basin can be moved to wash hands before return to wheelchair.

43cm

A side wheelchair transfer can take place from both sides of the toilet and the basin can be moved within reach of the user.

The arm of the Mississippi offers side transfer from both sides, but the basin can only be reached when transfer is from the side shown.
