- 2x Fixing Brackets
- 1x Fixing Template

### Assembly

Remove the Panel from the packaging, using the template position and fix the brackets to the wall. Fit the Panel onto the brackets and secure.

Connect the power supply and switch on

Interactive  
buttons

### Modes

The Snow-Scape Panel comes with four built-in buttons for interaction

#### **White Button**

A spectrum of multi colours cascades and transitions throughout the snow fall, creating a mesmerising visual experience

#### **Red Button**

A red glow creates a warm and inviting ambiance, as the snow falls elegantly captivating the red hue

#### **Green Button**

A lush and refreshing green illuminates the snow casting a tranquil and serene ambiance, creating a calming and natural presence

#### **Blue Button**

Soft and soothing blue glow, creating a tranquil and calming snowfall

### **Maintenance**

The Snow-Scape Panel has been crafted for minimal upkeep, allowing for easy maintenance. Simply wipe down the exterior of the Panel with a soft, damp cloth. You can also use standard household cleaning products for routine cleaning

### **Warranty**

The Snow-Scape comes with a one year warranty as standard

### **Optional Control (If applicable)**

#### **Cube**

The Snow-Scape can be controlled by the throw of the soft padded cube, depending on the colour the cube lands on, the Snow-Scape will transform into a solid panel of that particular colour. If the cube lands on the multi-coloured side, the Snow-scape will change into a vibrant, multi-coloured snow fall panel, displaying a dazzling array of hues. This interactive feature adds an element of fun and spontaneity to the Snow-Scape, allowing users to customize the panel's appearance with a simple throw of the cube

### **Optional Control (If applicable)**

#### **Button Controller**

The Snow-Scape can be easily controlled by pressing the large coloured buttons. Depending on the colour pressed, the Snow-Scape will transform into a solid panel of that specific colour. Additionally, if the hand buttons is pressed, the Snow-Scape switches to a mesmerizing multi-coloured visualisation, providing a stunning backdrop for the cascading snow effect. This intuitive control system offers users a simple yet captivating way to customize the Snow-Scape's appearance and enhance their visual experience.
