

Hot and cold running water

BS230 The BigSynk

TEAL's most versatile mobile self-contained wash unit.

The multi-tasking BigSynk can handle hand and arm washing, food and utensil rinsing, even washing up - with hot and cold water.

The BigSynk can be plugged in to any convenient 13 amp socket

Suitable for food preparation situations, medical and general use - anywhere a comprehensive washing facility is required

The BigSynk is entirely self contained and needs no mains water service or drainage connections.

Versatile and robust hot and cold water washing & rinsing

Feature of the BigSynk :-

- The BigSynk provides hot and cold water without the need for external plumbing or drainage.
- The adjustable swivel tap enables water to be directed exactly to where it's required.
- The BigSynk is TEAL's most versatile wash unit, enabling effective and hygienic hand and arm washing, food and utensil rinsing - even washing up.
- Pushing the red button initiates a 10 second warm water wash at the optimum temperature of 38° - 40°C.
- Pressing the blue button activates the flow of unheated water.
- Highly portable - the BigSynk can be plugged in to any convenient 13 amp socket, enabling it to be sited exactly at the point of need.
- Nothing to reset or adjust.
- The BigSynk is supplied with a black 20 litre fresh water tank and a separate white waste container.
- Simple daily hygiene routine.

Specification

- Overall height 1150mm (including stand and tap).
