

## Amplicom PT M5000 Mobile Phone

The Amplicom M5010 mobile phone is an easy to use hearing aid compatible mobile phone. With an Induction coil built into the handset to make it Hearing Aid Compatible(HAC). With an extra loud ringer (up to +100 dB) and an extra loud speaker volume (up to +23 dB) with a powerful vibrating alert, making it an ideal mobile phone for people who are hard of hearing.

The M5010 has a large clear 4.3 cm white on black display, with big easy to read fonts and large clear big buttons. The M5010 features a 5 number emergency button allowing the automatic calling of a sequence of five numbers and 3 dedicated quick dial big buttons allowing for easy access to help in an emergency.

The M5010 sends and receive SMS text messages and has a 500 memory phone book, has a loud handsfree speaker and an automatic keylock. Included with the M5010 is a easy to use desktop charger allowing for easy charging. Overall this is a very easy to use fully functional big button mobile phone that is ideal for elderly, hard of hearing and less able people who want or need to stay in touch.
