

GRID PAD

Start the conversation

The Grid Pad Pro by Smartbox is a powerful range of communication aids that are full of modern features including high quality audio, multiple access options and Smartbox Servus environment control.

The award winning software, Grid 3 is included with every Grid Pad Pro. It provides a complete AAC solution for people to communicate with symbols, text or a combination of both. Other features include Computer Control, a complete suite of Accessible Apps, Interactive Learning resources and access to the Smartbox Online Grid portal.

Grid Pad Pro is available in three different sizes, 11, 13 and 18 and can be mounted on a wheelchair, desk stand or floor stand, for further details on the stands please contact customer services.

To order please contact the Steeper Assistive Technology Customer Services team on +44 (0) 113 207 0449 or email one of the team at: assist@steepergroup.com

Steeper Assistive Technology

Empowering independent living in the home and beyond.

Grid Pad Pro 11

The smallest of the Grid Pad Pro devices is built around a high spec tablet, running Windows 10 operating system. Inside the tablet is an Intel Core i9 processor, 4GB of memory and 120GB hard disk. The Grid Pad Pro 11" is enclosed by a rugged case that helps protect the devices against knocks and bumps. You can use the device all-day with the 6-hour battery life.

Part Number - GPPRO11

Ports and connectivity

- Wi-Fi
- Bluetooth
- 2x USB 2.0, 1x USB 3.0
- Mini HDMI

Grid Pad Pro 13

Our mid-sized Grid Pad Pro features an extra-long battery life. It is built around a ruggedised 13" tablet that runs Windows 10. Grid 3 runs quickly thanks to the powerful Intel Celeron 1.4 GHz processor and 8GB of memory. The hard disk is a fast 256GB solid state drive. The Grid Pad Pro 13 includes a spare hot-swappable battery so you can continue using the device even when you are low on power.

Part Number - GPPRO13

Ports and connectivity

- Wi-Fi
- Bluetooth
- 2x USB 2.0
- SD Card slot

Grid Pad Pro 18

Our largest Grid Pad Pro is often used in classrooms or mounted at the home or office. It is not suitable for wheelchair mounting. The large screen provides bigger targets that help people with some access difficulties or visual impairment. The device is built around an 18" tablet with an Intel Quad Core processor and 8GB of RAM. The hard disk is 500GB.

Part Number - GPPRO18

Ports and connectivity

- Wi-Fi
- Bluetooth
- 2x USB 2.0, 1x USB 3.0
- SD Card slot
