

## Shower Trolley

The Ambre 800 Shower Trolley is designed to provide safety and comfort to both the end user and carer when washing, showering and providing personal care. Featuring side railings with a drop down lowering mechanism, our Shower Trolley allows for easier and safer patient transfers, ensuring maximum safety.

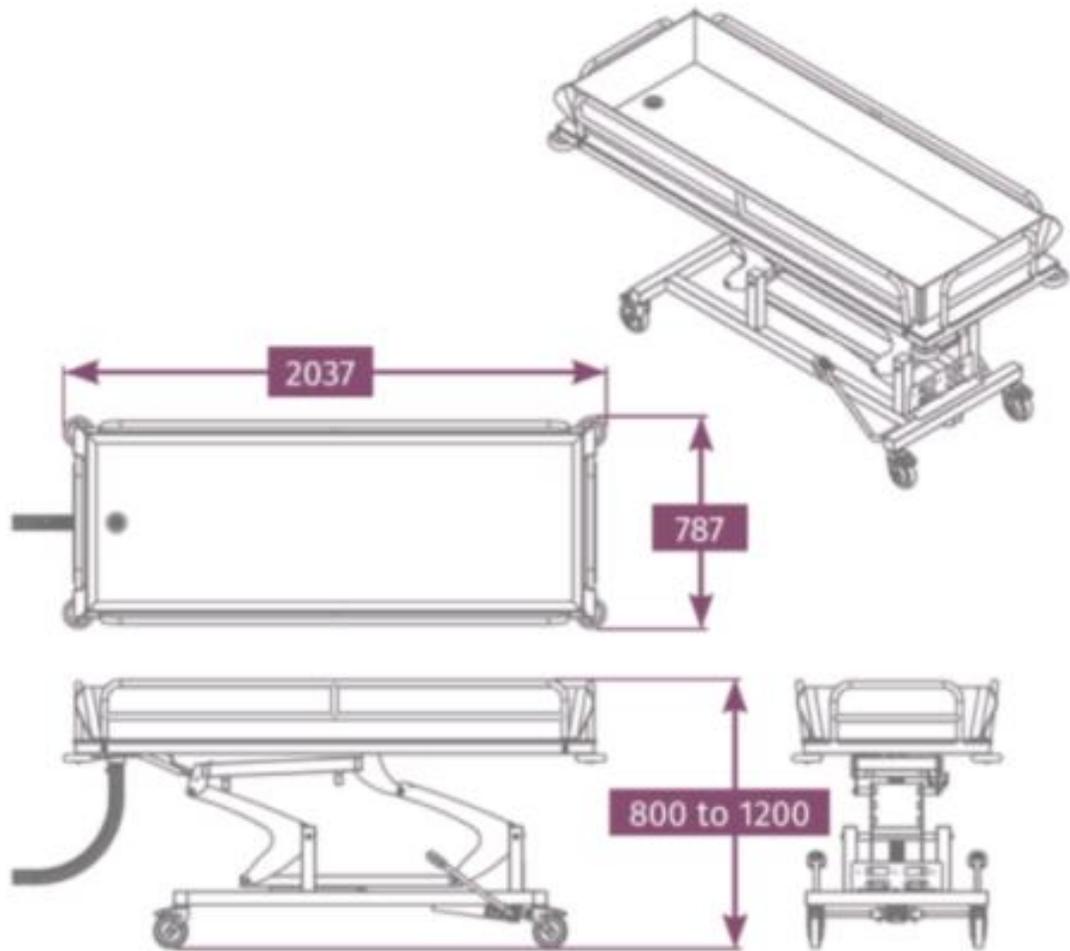

The 400mm (40cm) height adjustment allows the carer to position the trolley at the optimum level for safer handling and correct posture when lifting and moving. Comes complete with lock brake castors and a removable waterproof mattress made from easy clean 600gm PVC lacquered and polished polyester.

\*PVC pillow not included.
