

Etac Rufus Plus shower stool

The Rufus range has been available for several years. It is popular thanks to its excellent functionality and quality. The Rufus Plus range consists of products made for users weighing up to 160 kg. The user can feel safe and secure in the bath and shower. The products come flat-packed and are easy to assemble.

The Rufus Plus shower stool is suitable for many situations. The recess in the front of the seat makes intimate hygiene easier and more comfortable.
